Puerto Rico Engagement – August 1-6, 2019

The Worldwide Foundation and the Global Women's Leadership Network will visit Puerto Rico August 1-6, 2019, after the World Credit Union Conference, July 28-31, in The Bahamas. Participants have the unique opportunity learn about the history of this U.S. territory and engage with the Puerto Rico credit unions in their continuing work to rebuild their communities after 2017's Hurricane Maria.

It was credit unions that responded fast following Hurricane Maria, providing service to members within a week after the hurricane, generating significant loyalty in the region.

There 115 state-chartered credit union with one-million members in Puerto Rico along with less than a dozen federally-chartered credit unions with 85,000 members. The engagement offers a chance to interact with some of those credit unions and regulators and continue the work that World Council started last year as American credit unions offered support with loan participations to build a stronger island credit union system.
